

BECOME A TRAINED VISIONARY

FREE SEMINARS, WORKSHOPS, AND TRAINING PROGRAMS

Learn what machine vision can do for you. Cognex offers free training for all skill levels: More than 200 seminars nationwide show how vision can improve quality, reduce costs, and increase productivity in your plant. Hands-on workshops at local distributors let you try before you buy. And in-depth classes at our

training centers provide product education and application know-how while you earn education credits.

For schedules plus online learning, application briefs, interactive webinars, and trial software downloads, visit Cognex University at www.cognex.com/university or call us at 1-800-677-2646.
